

EPSON®

**WITH 1440 DPI PHOTO QUALITY COLOR,
IT MEANS BUSINESS EVEN AT HOME.**

Click your heels together and say it with us. There's no place like home to get creative with your printer. Especially if it's an EPSON Stylus® Color 660, the fast, versatile ink jet printer that'll make your eyes pop with wondrous Photo Quality color and laser sharp text that arrives at 1440 dpi.

That's dots per inch. And that's a lot. More than enough to make your greeting cards, graphics, digital photos, web pages and just about anything you can print sparkle like you've never seen before from a home printer.

After a quick and easy setup, the EPSON Stylus Color 660 is ready to run at up to 5 ppm black text and 3.5 ppm color. So you won't be wasting any time printing out that term paper, touching up your resume, or maybe just creating photos of your summer vacation.

While you create, the printer's EPSON PerfectPicture® Imaging System will be doing its job, featuring our award-winning Micro Piezo™ ink jet technology, smooth AcuPhoto Halftoning™ and convenient quick drying inks that won't bleed or smudge.

To finesse your printing, the EPSON Stylus Color 660 includes highly creative photo-editing software like Polaroid PhotoMAX Pro™ and Arcsoft PhotoPrinter™ SE. Even better, you can send away for two free* popular software titles from a list that includes fun stuff like Barbie® as Rapunzel™, Hot Wheels™ Custom Car Designer and Print Artist™.

For PC users, we're even offering a free USB adapter kit—a \$39 value—that you can receive by mail.

It's all right at home as soon as you get your fast, 1440 dpi EPSON Stylus Color 660 ink jet printer.

EPSON Stylus Color 660 Ink Jet Printer

FEATURES

- **Superior 1440 x 720 dpi Photo Quality color**
- **Fast print speeds up to 5 ppm black and 3.5 ppm color**
- **EPSON's PerfectPicture Imaging System**
- **Fun and versatile family software bundle**
- **Windows® and Macintosh® compatible**

BENEFITS

- Gives you brilliantly vivid photos and graphics.
- Even at home, it's nice to save time printing.
- Award-winning Micro Piezo ink jet technology. AcuPhoto Halftoning for natural looking flesh tones and smooth gradations. Quick drying inks that don't bleed or smudge.
- Included are great tools like Polaroid PhotoMAX Pro and ArcSoft PhotoPrinter SE to make photo editing and printing a snap. Also, send away for two additional popular software titles like Barbie as Rapunzel or Print Artist.
- Works with your computer and sets up easily, too. Redeem the coupon in the box to get a free USB adapter kit by mail and save \$39!
